FACILITY MANAGEMENT DEPARTMENT

With almost decades of experience within the facilities management sector, we are renowned for having the most competent technical skills and experience within this sector, covering all aspects of facilities management services generally, mechanical and electrical maintenance and engineering, environmental health & safety, energy and project management.

We are focusing on ensuring that we are the leaders in technical expertise within facilities management industry. Being an innovative and technology-led company our focus is to provide an array of digital, cutting-edge bespoke solutions either on an individual basis or via a comprehensive end-to-end integrated facilities management solution.

Our individual consulting service for strategy and implementation combines practical expertise with management consultancy methods. In this context, we rely on our own experts from the particular industries. We develop strategies and concepts for you – but are happy to let ourselves be judged on the basis of our operational implementation and the actual outcome of our work.

MAINTENANCE

With 4 Horizon and its highly skilled employees, we provide the best services on the project. Maintenance services delivered by our group are one of its best in the competitive market. It doesn't only give a full solution for minimizing the risk of failing of an equipment to almost getting a ZERO to any miscalculations done in the past. Our employees work day and night to serve the client's requirement and give an extraordinary performance. We are specialized in providing maintenance services on both preventive and corrective measures.

PREVENTIVE MAINTENANCE

We make sure our client's services are as smooth as possible. Our client might have gotten some bad experiences in the past, it is our responsibility to correct it and get all the situations streamed down.

CORRECTIVE MAINTENANCE

We at 4 Horizons make sure to take corrective measures in what we do. The reason of hiring experienced and skilled workers is to provide our clients with spot on presentation.

MEP SERVICES

We also provide Mechanical, Electrical and Plumbing (MEP) maintenance which involves a lot more than just maintaining your building's systems; it calls for efficient management of assets to maintain the investment that has been made in the buildings, and can drastically reduce overheads.

Our MEP maintenance services include plant and equipment maintenance, critical power, cooling lighting, heating, air-conditioning, ventilation systems, LV and HV electrical distribution, boiler maintenance, generators, fire and intruder alarms, CCTV, lifts and escalators, and water treatment.

We conduct planned preventative maintenance, reactive maintenance, health and safety, minor works and projects, catering/kitchen equipment, fire extinguishers, emergency lighting, compliance works, statutory tests, including Portable Appliance Testing (PAT), fixed wire testing and periodic.

The professional crews at 4 Horizons Air Conditioning and Heating can handle any AC or heating need you have from a repair to replacement, indoor air quality and routine maintenance. You'll soon notice that our services stands above the other air conditioning and heating companies in KSA.

PEST CONTROL

We have been providing pest control services all over Saudia Arabia for 28 years. Our knowledgeable and qualified pest control technicians are qualified and trained to understand the pest biology.

We treat the cause of your pest problem with our innovative products and integrated pest management techniques tailored to your specific requirements - thus keeping both your home and workplace pest-free.

Fumigation is recognized as an effective means of targeted control of Stored Product Insects (SPIs) such as beetles, weevils, mites and moths. It can safeguard businesses such as shipping and cargo, manufacturing, warehousing, milling and agriculture. Cargo fumigation treatments can control infestations of bulk consignments prior to shipment.

This ensures that shipments are transported safely and without risk of contamination. We provide on-going training to our pest control technicians, enabling them to provide the most efficient fumigation and pest control service whenever you need it

POOL SERVICES

Understand that your pool is an important investment. We pride ourselves in setting the standard in the pool service industry! What sets us apart from our competition is our commitment to fineness. Our brilliant service and competitive price make us the clear choice for your swimming pool service needs.

AUTO MANAGEMENT SERVICES

We provide the automotive management services to our valuable customers by our professional crew to as below

CLEANING SERVICES

GLASS CLEANING

Professionally cleaned windows are an essential element to staging your home for sale. For private residences, a thorough cleaning every three to six months is usually sufficient. Businesses may wish to schedule more frequent cleanings since their windows see more public use and can become smudged more quickly. In today's competitive marketplace, it's essential to present an appealing storefront to attract customers and increase revenues.

FLOOR CLEANING

We deliver cleaning and maintenance services for floors, carpets, rugs, bathrooms and elevators. All kind of hard to reach spots and tough to fight germs are easily taken care of with all the tools, gadgets and sanitation products required. Whether you need commercial floor cleaning, upholstery cleaning, air duct cleaning or disinfection services, 4Horizons can provide a cleaner, safer environment that leaves a positive impression on customers and employees.

HOSPITALITY

Our Hospitality Services is one-stop shop for all your marketing and hospitality needs. We are passionate about hospitality and care about your customers as much as you do. We have work on 4 main areas:

Central Reservation Services

Services to Accommodation establishments

Services to Discerning Travelers

Services to Corporate clients

We have a highly professional team that operates our central reservation office and when your clients phone or email for availability, they won't even know that they are not dealing with your establishment directly.

SUPPORT SERVICES DEPARTMENT

4H (SS) team provides your Firm HR needs with multy skilled Technical and Administrative professional man power. The service is cost effective and helps our customers to get rid of hiring overhead cost. Extra manpower is not required as customers will get the desired non stop service all year long with our replacement service.
